Practical examples (A02)

*These examples are generic and used to represent a range of content across all PE exams.

- I have read and actioned the information below about well made and poorly made practical examples across PE examinations of all kinds.

...sponsorship such as Gillette razors for football.

...sponsorship such as the brand Gillette sponsoring elite men's football to increase product awareness and, potentially, boost sales.

...open skills such as taking a (slip) catch in cricket due to the need to adapt the catching skill to suit the specific flight and pace of the ball as it leaves the edge of the bat.

...open skills such as in cricket.

...flexion is bending the elbow when weightlifting.

...flexion at the elbow when the elbow bends in the upwards phase of a biceps curl.

...agility like in basketball when you dribble the ball.

...agility is critical in basketball when dribbling the ball as a player can maintain control whilst changing direction and, therefore, dribble in and out of spaces around defenders without losing possession of the ball.
